Move-in-ready brick ranch on 1.13 unrestricted acres with a 62' x 30' garage/shop designed for serious automotive, workshop, storage, or hobby needs.

This custom-built, one-owner home was meticulously maintained by the original owner and recently updated. It offers 2,141 finished square feet with a spacious kitchen, 4 bedrooms, 2 full baths, a half bath in the garage, 2 fireplaces, and a huge family room.

The large, well-maintained garage provides exceptional workspace and storage for a multitude of uses, all on an unrestricted lot with no HOA in a conveniently located rural-residential neighborhood. Built for car enthusiasts, tradespeople, woodworkers, or hobbyists, the garage facilities include a 2-bay work area with an in-floor pit, heating, and ample lighting; a car showroom with storage; an open shed for additional covered parking; and a lower-level paint shop equipped with an air compressor. The showroom bay features brilliant new lighting, new carpet, double-door entry, and a half bath. A separate 24' x 32' metal shed offers even more storage options. Including the home's convenient attached carport, the property provides covered parking
